COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Applicant wishes to address the Examiner's statement of reasons for allowance in the Notice of Allowability mailed October 6, 2005.

In the second main paragraph on page 2 of the Notice of Allowability, the Examiner indicated that the language "such as the colors and brightness of the display are improved" is recited Claim 10. The Applicant submits that such language is not recited in Claim 10 and, as such, Claim 10 is not so limited by such language.

Further, in the first paragraph on page 3 of the Notice of Allowability, the Examiner indicated that the language "thereby enhancing the performance of the device" is recited in Claims 40 and 46. The Applicant respectfully submits that such language is not recited in any of Claims 40 and 46 and, as such, neither of Claims 40 and 46 is so limited by such language. Accordingly, the Applicant submits that the claims are allowable based on limitations actually recited in the claims.

REMARKS

Applicant has amended the specification before the payment of the issue fee under 37 C.F.R. § 1.312 such that the summary of invention section comprises language directed to the subject matter defined by the allowed claims of this divisional application. The amendments embody merely the correction of formal matters in the specification, do not require any additional search, and do not add new matter to the subject matter of the application.

If the Examiner has any questions that may be resolved by telephone, the Examiner is invited to call the undersigned.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
